

## Site Information for Material Transfer Agreement

The following information is need to draft a material transfer agreement between UCLA-BTIL and a recipient institution.

Providing Institution Information	
Name	University of California Los Angeles
Address	11000 Kinross Ave, Suite 200, Los Angeles, California 90095-1406

Providing Institution Principal Investigator	
PI Name	Benjamin Ellingson, PhD
Email	BEllingson@mednet.ucla.edu
Phone	(+1) 310 481 7551
Address	924 Westwood Blvd., Suite 615 Los Angeles, CA 90024
Department	Radiological Sciences

Sequence Information	
Name	me_cest_ep2d
Description	multi-echo CEST (pH) magnetic resonance imaging pulse sequence

Receiving Institution Information	
Name	
Address	
Phone	
<input type="checkbox"/> Domestic <span style="margin-left: 200px;"><input type="checkbox"/> International</span>	

Receiving Institution Principal Investigator	
PI Name	
Email	
Phone	
Address	
Department	

Receiving Institution Legal/Administrative Contact	
Contact Name	
Email	
Phone	

Receiving Institution Local Siemens Collaboration Manager <sup>1</sup>	
Manager Name	
Email	
Phone	

Receiving Institution Scanner Information <sup>2</sup>	
Manufacturer	Siemens
Model(s)	
Field Strength(s)	
Software Version(s)	
Serial Number(s)	

Approved Use of Material
Please provide a concise but reasonably detailed description of the approved research using the Material by the Recipient Institution

<sup>1</sup> required: to transfer MRI sequences to Siemens scanners a C2P must be executed between the local Siemens managers from the receiving and providing institutions.

<sup>2</sup> required: please list all scanners where the sequences will be installed. All information is needed to provide the correct version of the sequence.
